

Dr. Indu Bharkavi S.K

B.D.S, M.D.S (Oral & Maxillofacial Pathology)

Chennai, Tamil Nadu · +91-9791161965 · indu.bharkavi@gmail.com · indubharkavi.github.io

PROFILE

Oral and maxillofacial pathologist with 15+ years of clinical exposure and 11 years teaching undergraduate and postgraduate students. Clinical domain expert on artificial-intelligence research in oncology — defining diagnostic reference standards, annotation and clinical failure-mode review. IQAC–NAAC Coordinator and departmental ISO coordinator, with Institutional Ethics Committee involvement covering research protocol review, informed consent and data stewardship. 23 PubMed- and Scopus-indexed publications.

MACHINE LEARNING, DATA & AI GOVERNANCE

- **Clinical ground truth for ML** — reference standard definition, histopathological annotation, cohort selection, clinical review of model failure modes. Modelling performed by computational collaborators.
- **Data governance** — Institutional Ethics Committee review; informed consent including secondary use; research data stewardship, anonymisation, provenance and retention.
- **AI governance** — translating principles into auditable criteria and evidence frameworks; grounded in ICMR ethical guidelines and four years of NAAC / ISO quality-management practice.
- **Reporting rigour** — study design and reporting against the standards expected for clinical AI research.

EXPERIENCE

Professor — Sathyabama Dental College & Hospital

2022 – Present · Chennai

- Teaching UG and PG students in Oral & Maxillofacial Pathology.
- IQAC–NAAC Coordinator: leading accreditation and institutional quality initiatives.
